# Elegant, pure and clean lines define the apartment perched on the hills above Cannes

Architects: [Christine Bodino Design](#), [Denis Bodino](#)

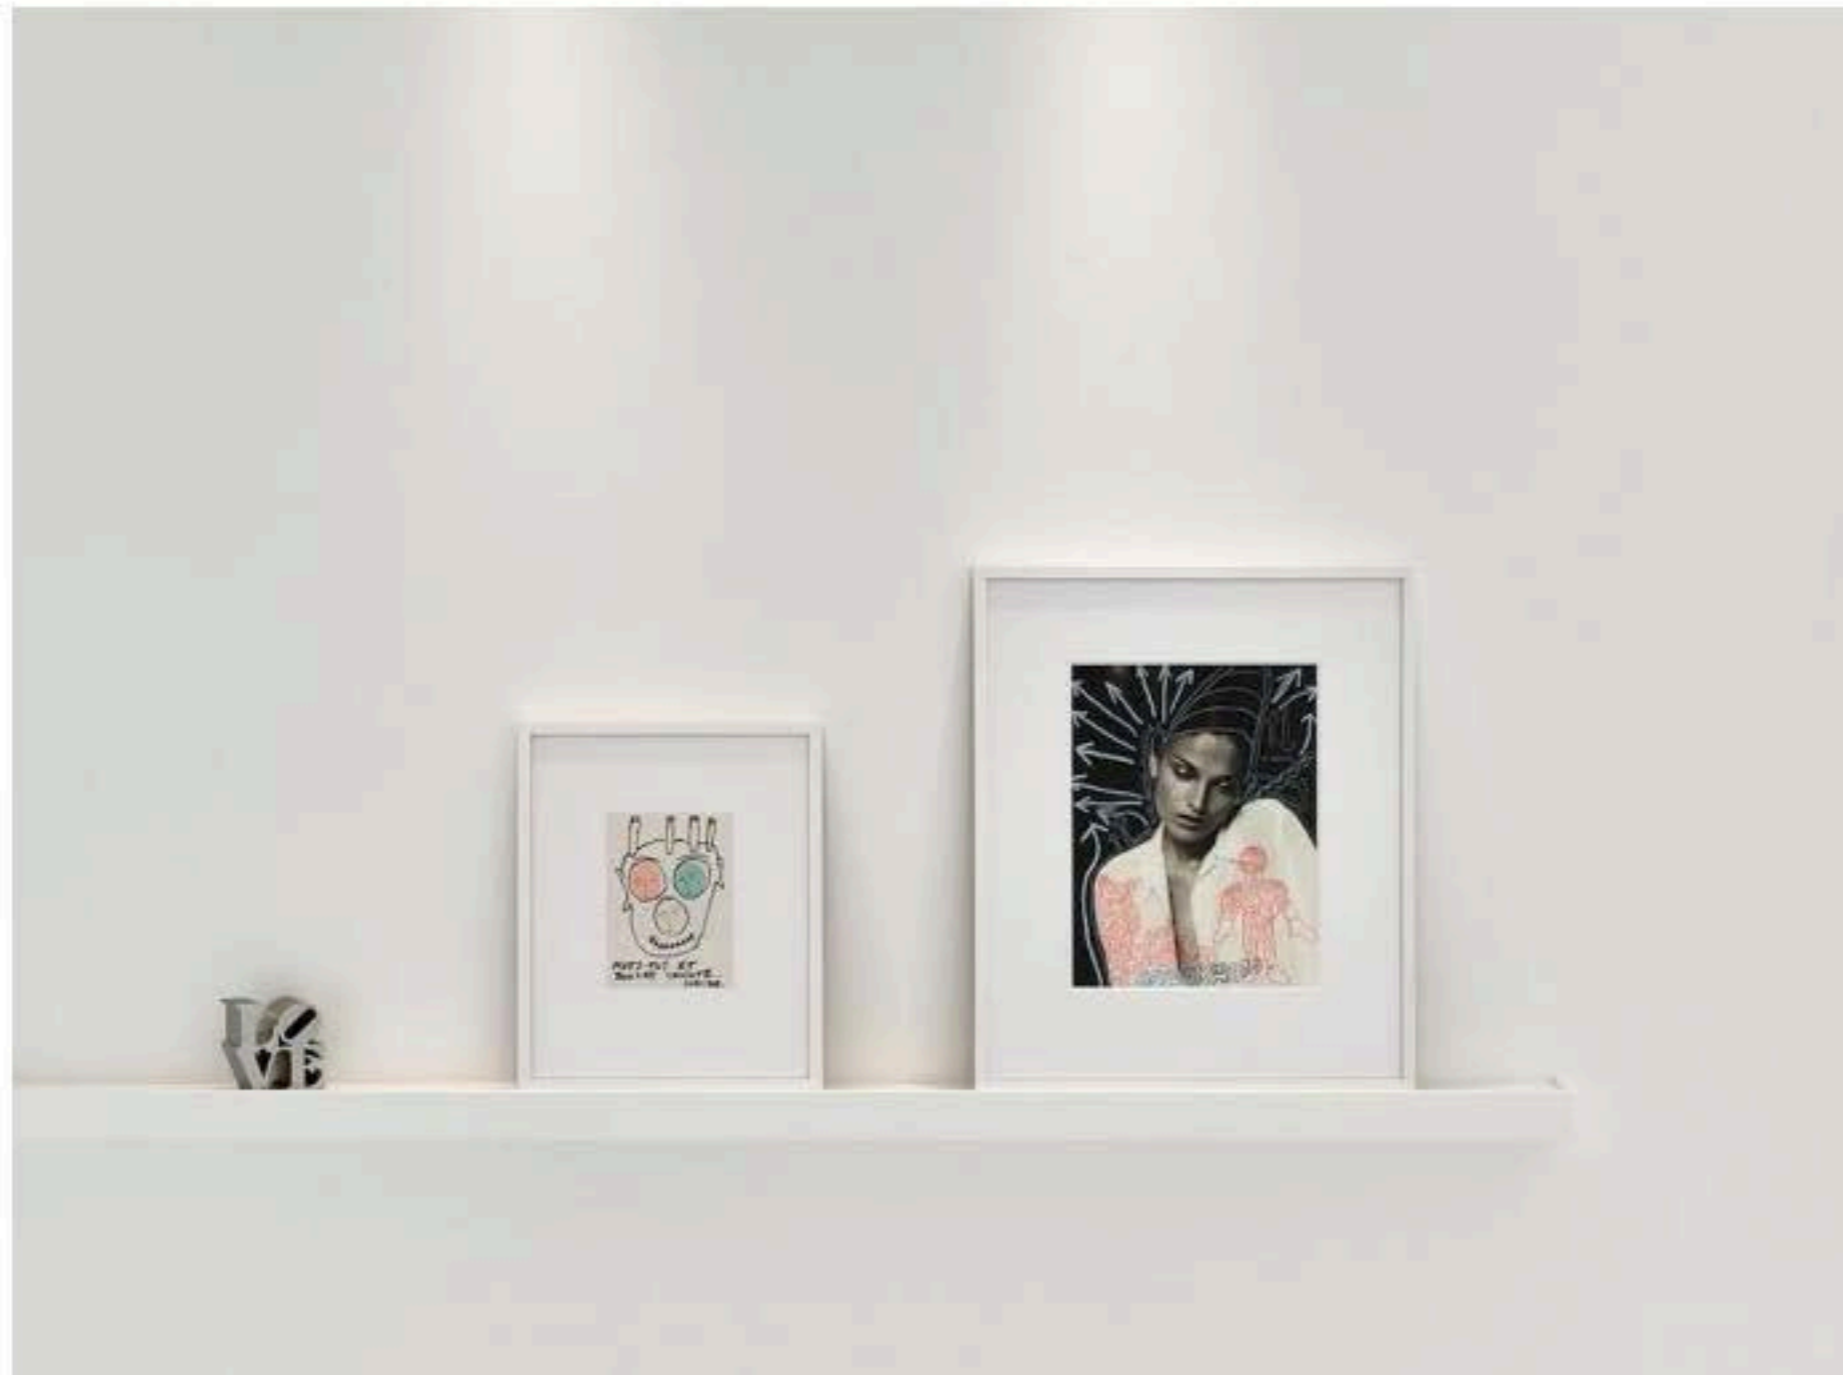

Location: [Cannes, France](#)

Year: 2016

Description:

“Christine Bodino was in charge of the interior design of this apartment perched on the hills above Cannes. She opted for the pure, clean lines and elegance and understatement of a resolutely contemporary design for this pied à terre, where careful thought was given to every last detail.

### The Living Area

Light and airy, comfortable and with a distinctly personal touch that brings it an atmosphere of intimacy. A discreet and refined decoration, sofa in white linen and coffee table in polished stainless steel, with mirrors designed by Christine herself, called "Shine", a real gem that reflects all the natural brilliance of a living area that brings together rough, matt and rare materials. Linen rug, parquet flooring in white varnished oak, Barcelona armchair in camel-colored doeskin, bookshelves with a moveable mirrored partition that incorporates the TV screen, signed by Christine's brother Designer Denis Bodino.

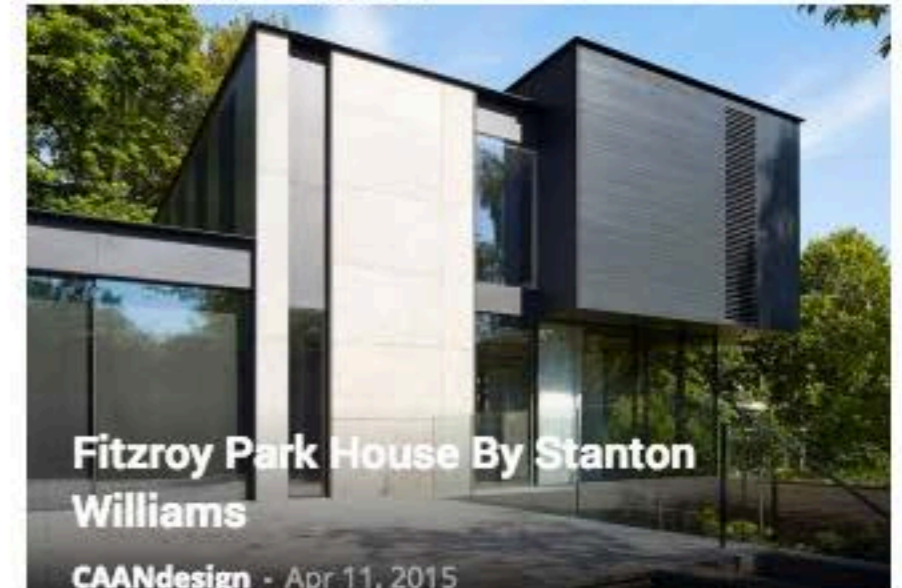

The minimalist-style kitchen, in marble, synonymous with luxury and elegance, was designed by Denis Bodino.
